

California State Coroners' Association

July 13, 2020

Message from the President about the 2020 Symposium:

Dear CSCA Members,

After much deliberation the CSCA Executive Board has decided to cancel the 2020 Advanced Coroner Training Symposium in Monterey, CA. The decision did not come lightly, however, we felt that in the interest of our membership's safety and the likelihood of obtaining first class speakers/presentations, we opted to regroup and look forward to next year's event.

In the meantime the Board will be working closely with POST to deliver timely and innovative course offerings. We will also be working on overhauling our communications with the membership, and fine tuning the Website.

Please be safe while continuing to do excellent work.

Sincerely,

Bruce E. Lyle
CSCA President
